BODY FOUND IN RUINS OF COUNTRY HOME

TULLY APPLEGATE'S CHARRED BODY FOUND BY NEIGHBORS IN HOME'S RUINS—SUICIDE IS THEORY.

About 9:30 last night Coroner Thos. F. Higgins was called to the farm of Mr. Tully Applegate in the Mt. Gilead neighborhood, it being reported by neighbors that the Applegate home had been burned to the ground and that Mr. Applegate and other members of the family had been burned to death in the flames. When the Coroner reached the scene, the substantial country home on the Applegate farm was in ashes and neighbors, who had gathered when the flames first burst out, had found the charred body of Mr. Applegate in the ashes but no other bodies could be found. A later investigation disclosed that all other members of the family were safe not having been at the home at the time of the fire.

There is quite a mystery in connection with this case which Coroner Higgins and the jury of citizens he summoned could not fathom and after several hours of careful investigation the jury was unable to reach any direct cause for the death of this well known farmer except that he had been burned in the building which had taken fire from some unknown cause.

The circumstances in connection with the case, lead the public and officials, however, to believe that Mr. Applegate died by his own hands after having started the fire which destroyed his home. These circumstances form the only basis for a theory in connection with the death of the man and the destruction of his home.

It is understood that yesterday afternoon Mr. Applegate and members of his family quarreled and that his wife came to Maysville, where she remained over night with relatives. Following this quarrel, Mr. Applegate and his two grown sons quarreled and Mr. Applegate left home. Shortly after Mr. Applegate had left his home, it was discovered that he had taken his shot gun with him and the sons started out to find their father. They overtook him on the Mt. Carmel pike near the Day home just this side of Orangeburg and the father is said to have fired at his sons as they passed him. This was about 6:30 o'clock Wednesday and the young men came on to Maysville and procured a warrant for

their father's arrest. Officers were unable to find the man however so that they could serve the warrant on him.

About 9 o'clock neighbors noticed the Applegate home on fire but before it was noticed the house was afire in all parts and it was soon consumed. Putting the circumstances of the afternoon and evening together and remembering the enactment of a similar tragedy on an adjoining farm only a few years ago, neighbors reached the conclusion that Mr. Applegate and members of his family were in the house probably killed by him before the fire was started. Acting upon these impulses the Coroner was notified and went to the scene.

After investigating for some time the Coroner and his jury were unable to get any facts upon which they might find a verdict fixing any blame whatsoever upon the dead man and the following verdict was reached:

"We the jury, summoned by the Coroner of Mason County for the purpose of finding the cause and manner of Tully Applegate's death find that he was found dead in his home burned from some unknown cause on October 1, 1919.

JOHN GANTLEY.

The news of the tragedy spread like wild fire all over the entire neighborhood and persons gathered at the scene from miles around. The pikes being almost blocked with machines and scores of people coming from neighboring farms a foot. There was much excitement throughout that section of the country and the nature of the tragedy could but remind all of the William Bramble tragedy on the adjoining farm a few years previous when Mr. Bramble is said to have killed his wife and after setting fire to his home killed himself, both bodies being consumed by the fire which destroyed their home.

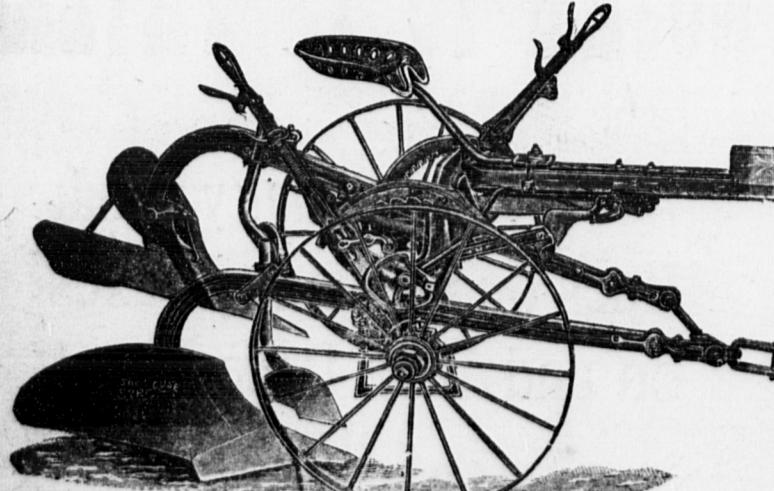

There have been several tragedies in that section of Mason county within the past half century including the Bramble case and the famous Riggs murder case but none has shaken the community to a great depth than this one. Mr. Applegate was recognized as one of the finest gentlemen in the county and was thought to live happily on one of the best farms in that district.

Did You Ever Need a Plow
In a Hurry

Most farmers do, in this complicated modern life. Our grandfathers, if they needed a plow in a hurry, could most always borrow one, but today, Friend Neighbor needs his plow the same time we need ours, so there's nothing left to do, but buy a new one.

Then's when you need the Square Deal Man's superior judgment—for he has had "PLOWS" drilled into his system until he can shut his eyes and find the ver-ry plow you want for your particular needs.

Yours, to prove it's so.

DECLARATION OF LABOR PRINCIPLES ARE ANNOUNCED

Director of Kentucky Manufacturers' Association Makes Declaration on Labor Principles.

Mr. R. A. Cochran, of the Maysville Cotton Mills, who is a member of the Board of Directors of the Kentucky Manufacturers' Association, yesterday gave out for publication the following declaration of labor principles. The Association is strongly for an open shop.

The Kentucky Manufacturers Association believes in fair dealing as the fundamental and basic principle of the relations between employer and employee.

It does not oppose organizations of labor, but does oppose boycotts, blacklists and other illegal acts of interference with the personal liberty of employer or employee.

No person should be refused employment or in any way discriminated against on account of membership or non-membership in any labor organization, and there should be no discriminating against or interference with any employee who is not a member of a labor organization.

With due regard to contracts, it is the right of the employee to leave his employment whenever he sees fit, and it is the right of the employer to discharge any employee when he sees fit.

Employers must be free to employ their work people at wages mutually satisfactory, without interference or dictation on the part of individuals or organizations not directly parties to such contracts.

Employers must be unmolested and unhampered in the management of their business, in determining the amount and quality of their product, and in the use of any methods or systems of pay which are just and equitable.

In the interest of employees and employers of the country, no limitation should be placed upon the opportunities of any person to learn any trade to which he or she may be adapted.

The Kentucky Manufacturers Association is in favor of the open shop and insists that the doors of no industry be closed against American workers because of their membership or non-membership in any labor organization.

LEDGER AHEAD WITH WORLD SERIES DOPE

The fans crowded in front of the Ledger office again this afternoon to get the returns from the World Series game at Cincinnati. On Wednesday the Ledger posted the returns earlier by far than any other local newspaper having three innings on the bulletin board before any other local paper posted a figure. The Ledger was on the street with an account of the game 20 minutes after the game closed.

AGED WOMAN DIES SUDENLY IN LEWIS COUNTY

Word was received here this morning of the sudden death of Mrs. Eva Sauer last midnight at the home of her daughter, Mrs. James Doty at Fearless, Ky., Lewis county. Mrs. Sauer was the mother of Mrs. T. H. Rice, of this city and had several other relatives here. She was 80 years of age and had been in her usual good health. Mr. and Mrs. Rice left this morning for the home of Mrs. Doty in Lewis county.

JIMMY BROWN COMING HOME WITHIN FEW DAYS

Mr. and Mrs. C. T. Brown have just received a letter from their son, James, stating that he was leaving Camp Meade yesterday probably for Camp Taylor. He is expected to arrive home within 10 days but not being finally discharged.

The funeral was held at the First Baptist church this afternoon at 2 o'clock at Orangeburg and burial was made in the Maysville cemetery.

RUN DOWN AND KILLED BY ST. CAR

WILLIAM CURTIS IS KILLED INSTANTLY BY STREET CAR AT EARLY HOUR THIS MORNING.

William Curtis, aged about 50 years, an employee of the Bates-Rogers Construction Company, contractors at Dam 33 just East of the city, was killed almost instantly when he was struck by an East bound street car at the County Infirmary crossing at an early hour this morning. His body was almost severed by the wheels of the street car.

It is supposed that Mr. Curtis was waiting at the Infirmary crossing to board the street car which carries the workmen to the end of the car line for the first shift on the dam, having walked from his home to that crossing to board the car. A freight train was passing on the C. & O. railroad tracks adjoining and the sound of the passing train completely drowned the sound of the approaching street car while the fog was so heavy as to obscure it from his view.

The street car was in charge of Motorman Frank Limerick and there were many dam workmen aboard going to their work for the day. The fog was so very dense that Mr. Limerick did not see the man standing directly in the car track until the car was almost upon him and despite desperate efforts to bring the car to a stop Mr. Limerick's car was upon the man and over him tearing his body across the abdomen and breast to that death was almost instant.

Mr. Curtis is a man about 50 years of age and has been employed at the dam for some time. He is married and lives in Eastland addition there being a wife and two children surviving him.

Coroner Higgins was called immediately and made as complete an investigation as he could, the majority of the witnesses having gone on to their work at the dam before his arrival. He did not close his inquest and will probably hold a formal examination of eye witnesses to the deplorable accident at the Court House, this evening if he is enabled to get service on all of his witnesses. If he is not able to summon all witnesses the inquest will be continued until tomorrow evening at the Court House.

The body was prepared for burial and removed to the home in Eastland.

So far as the investigation has proceeded Mr. Limerick, the motorman on the street car is clearly without blame as he was unable to see the man in the middle of the car track until he was almost upon him and the passengers in the car say that when he did discover the man standing in the car tracks, he did all any person could have done to prevent the fatal accident.

FATTY ARBUCKLE AT THE PASTIME TOMORROW

Fatty Arbuckle will appear at the Pastime tomorrow in a big comedy screen entitled "The Other Man." One of the features of Pathé's News to be shown tomorrow is the Weird Indian war dance by real Indians. The 12th episode of "The Tiger's Trail" will also be shown.

Mr. M. Gingsburg, Market street tailor, will leave in a few days for an extended vacation.

BIG DRIVE FOR MEMBERS WILL END SATURDAY

More Than 300 Members of Farm Bureau Will Be Signed Up Officers and Workers Declare in Starting to Work Today.

Yesterday was another very successful day with the canvassing teams endeavoring to enlist members to the Mason County Farm Bureau. Those workers who reported to the local office of the County Agent Wednesday evening and Thursday morning were more than encouraged over their day's work and encouraged that during the day they had enlisted many new members.

The nine teams which have been working practically all week again went out to work this morning filled with enthusiasm and the officials of the bureau now say they are certain of enlisting more than 300 members of the organization before the campaign closes on Saturday evening. The campaign will close with a big get together meeting at the office of the County Agent which is the temporary headquarters of the bureau at present. It is thought that one of the first matters of business which will be handled by the bureau will be the selecting of permanent headquarters and the establishment of a rest room in connection.

Those farmers who have not already signed up pledge cards should do so at once for all of the progressive farmers of the county will be members of this organization.

SALLEE PITCHES THE SECOND AND WINS

REDS TAKE THE SECOND GAME IN SERIES BY SCORE OF 4 TO 2.

Cincinnati Ohio, October 2. — The Cincinnati Reds won the second game of the World's Series this afternoon before a record breaking crowd by a score of 4 to 2. Slim Sallee, the big left hander, tossed for the locals and pitched a splendid game.

Susene was almost unbearable among the "bugs" until the lucky fourth in the second game of the World's Series played this afternoon between the Cincinnati Reds and the Chicago White Sox. Up until this round neither side had scored but as the fourth proved lucky and broke the ice in the first game so it did in the second and the Red socks put across three runs. It was a tight game up to that time and rooters around the newspaper score boards as well as those witnessing the game were working hard for their favorites.

Moran selected Slim Sallee, better known to folk in this neck 'o the woods as "Scatter", to do the twirling in the second game while "Kid" Gleason selected Williams, his star left hander to pit against the south paw of the Queen City club.

Folk around Maysville watched the progress of the game with unusual interest for Sallee is a native of Higginport, Ohio, and is almost considered a Maysville boy and they were therefore extremely interested in seeing "Slim" win his game. It was at first thought that Sallee would be given a chance in the first game but he made good in the second just as his rooters have contended that he would do and he didn't have any \$5,000 bet on his game either. When he comes back to Brown county though those folks across the river will elect him sheriff, judge or most anything else he wants.

The Reds scored another man in the sixth but in their seventh the Sox made the Red Rooters' hearts jump up in their throats when two of the men from Chicago tallied. This excitement ran high until the Sox finished their half of the eighth and were unable to score, and they were never able to cross the plate again. The Reds were also unable to score another and the game closed with a score of 4 to 2 in favor of the heroes of the

POISONED WATERMELON CAUSED DEATH OF BOY

Brown County Boy Eats Watermelon on Which There Was Paris Green and Dies.

Kinsley Turner, the eleven-year-old son of John Turner, of Mulberry, was spraying tobacco with Paris green on the Lyman Craig farm, east of Milford, in Brown county, Ohio, when he saw a delicious looking melon in a patch nearby and ate it.

Shortly after the boy became violently ill, and Dr. E. J. Kennedy was summoned. He found the boy suffering from the effects of poison, the result of the Paris green coming in contact with the melon.

Efforts to save the boy were in vain, as the poison had gotten into his system, and he died a few hours later.

FIVE BURNED TO DEATH WITH HOME

Three Children and Two Women Died When Residence Near Hodgeville Burns.

Hodgeville, Ky., September 30.—Five persons were burned to death, their bodies so charred that identification was almost impossible, when the two-story frame dwelling of Bossie Allen, a farmer, who lives three and one half miles southeast of Buffalo, this county, was burned Monday.

The five to lose their lives in the fire were Mr. Allen's three children, his aged housekeeper and her niece. Allen barely escaped with his life by jumping from the burning structure. He was badly burned.

The dead: Lena Allen, 9 years old; Clint, 7, and Dorothy, 4; Mrs. Belle Atherton, 71, housekeeper, and her niece, Mrs. Ida Ford, 29.

Mrs. Atherton and Mrs. Ford slept on the ground floor, the three children on the second floor.

The five badly charred bodies of the victims were found buried deep in the ruins.

How the fire started has not been ascertained.

ARE YOUR EYES LIKE MARY MacLAREN'S?

Don't try to be a photoplay star unless your eyes register perfectly. Mary MacLaren, the star of "Breaking Stairs," the Universal Special Attraction, which comes to the Pastime Theater tomorrow, has blue eyes of a very peculiar quality, which register perfectly whatever the emotion she seeks to portray.

Miss MacLaren's eyes have the very desirable "come hither" quality, with an occasional flash of "I dare you" and a pinch of "I'll kill you if you do" for safety. They are sky-blue, large, and fringed with thick lashes.

Mary had several rules for her eyes. One of them is that they shall be have. The other rules have to do with their material well being. Here are her theories:

"I stay home nights and get enough sleep.

"If they irritate me, I don't rub them.

"I never read in my motor, nor in traveling.

"I never use any medicated preparation for the eyes."

Also, the lovely Mary trains her eyes with gymnastics.

"I find it dandy exercise to winkle them, first the right and then the left," she said. "But I always practice on the cat or my small sister," she added, encouragingly.

LAND MARK GONE

The Fleming Gazette says: Friday morning the old town pump and the concrete work about it, in front of the Masonic building, preliminary to beginning work on the concrete water table along Main Cross street. The old well, which is one of the landmarks of the city, will no longer be used, as the flow of water from it in recent years has been light and of no value, probably due to other wells which have been put down in the vicinity and which have likely had the effect of draining it. The spring which supplied the well was a fine one in the early days of Flemingsburg. The town was located near it because of its fine supply of water. On the corner near it where the Masonic building now stands was the first hotel in Flemingsburg, a log building which got its supply of water from the spring. Several years ago a trace of refined oil to be found in the water which came from the well, causing considerable oil excitement here and leading some of our people to believe we had a vast oil field in our midst. The oil flow never amounted to anything however, and it was accounted for by some by a leaky oil tank in the cellar of an adjoining store. Others never could explain from whence the oil came.

HORSE MARKET LOW

Paris, Ky., September 29.—Caywood & McClintock shipped a car load of 1,000 pound butcher cattle at 10 cents a pound, a mixed car of sheep and lambs that cost from 8 to 11 cents a pound. The same firm sold 300 head of western black faced ewes to different farmers at \$17 a head. Horses are lower than recorded in years. R. H. Wills shipped a car load of horses to Columbus, S. C., that cost from \$80 to \$130 a head.

BRANDS LESSEN VALUE

Winchester, Ky. — G. E. Black, a farmer on the Paris pike, shipped two carloads of beef cattle to the Cincinnati market for sale. One car was loaded with native cattle and the other with branded western cattle. There was a decided difference in the price paid and when a letter was sent to the broker asking the reason for the difference in price he replied that the brand on the cattle lowered the value of the hide, causing the difference.

Drove Chariot of Flame;
Starts in Speedway Race

Louis Chevrolet, pictured above, performed the most spectacular performance ever seen in speedway racing circles when, on Saturday, Sept. 20, while racing at the Sheephead Bay track, he drove his Frontenac car, in which he was going at the rate of more than 100 miles an hour, more than half way around the track while the flames were enveloping the hood of the machine. In order to keep from being perhaps fatally burned, and at the same time with view of saving his car, if possible, Chevrolet drove half way around the track, standing in the cockpit of his machine, and backing as far away from the hood as possible. He succeeded in getting his car near the fire fighting apparatus, which quickly extinguished the flames

which had reached his clothing, and also the fire on the car.

Chevrolet's burns, while severe, will not prevent him starting in the 300-mile race to be run at the Cincinnati Speedway, at Sharonville, O., on Sunday afternoon, October 5. The historical car, which received its baptism of fire, also will be in shape for the race. Other starters in this event will be Gaston Chevrolet, holder of the world's record for 150 miles; Art Klein, Joe Boyer, Toland Nicholson, Joe Thomas, Ralph DePalma, Ralph Miford, Ira Vail, Waldo Klein, Tom Alley, Denny Hickey, Tom Milton, Eddie O'Donnell, Paul Harvey, Dave Lewis and others.

The race, which is for a purse of \$30,000, will be started at 1 o'clock. Reports of the Cincinnati-White Sox world's series game at Chicago will be posted by half innings.

ROBERTS IS NAMED JUDGE FOR TWENTY-THIRD DISTRICT TO SUCCEED J. P. ADAMS

Frankfort, Ky., October 1.—James K. Roberts of Beattyville, former Commonwealth's Attorney, is the new Circuit Judge of the Twenty-third Judicial District. He was appointed Tuesday by Governor Black to succeed the late Judge James P. Adams and will hold office under the appointment until the 1920 election.

Judge Roberts is a Democrat and Judge Adams was Republican. The two were opposing candidates for Commonwealth's Attorney several years ago. Robert was awarded the certificate, but Adams was elected

judge. The new judge served in the office of Secretary of State Breck Hill during the Goebel administration. His district embraces Breathitt, Estill and Lee counties.

WOMEN BACKING THE SOLDIER BOYS

When the history of the war has been written, the work done by the women at home will impress itself upon this nation as few ever now realize. Literally, millions of women left their homes and took up war activities into which women had never before been called, and many more at home devoted long hours at work in knitting and preparing surgical dressings for the boys "over there." Some may have worked at the expense of health and are now suffering from headaches, backache, dragging-down pains or some derangement. It should be remembered that Lydia E. Pinkham's Vegetable Compound for more than forty years has been restoring such women to health and strength, and is

MADISON CATTLE SALES

Richmond, Ky.—Although the market is still uncertain and considerably below what it was a few weeks ago, Madison county cattle have begun to move. Lewis Brandenburgh bought Warfield Bennett's cattle, of which there are 72 head. The price is reported at \$12.25. These cattle are big and many weigh around 1,400 pounds. Benton & Brandenburgh bought Judge J. D. Goodloe's herd of 32 head that will average 1,300 pounds at 11 cents a pound, and Sam Lackey's herd of 50 that will average about 1,200 pounds at 10 cents a pound.

TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time. Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney ill is looking for.

Henry S. Gallenstein, blacksmith, 124 W. Third St., Maysville, says: "My kidneys were out of order and I had pains through my back. Doan's Kidney Pills put an entire stop to the pains and my kidneys became well." (Statement given January 9, 1912.)

RESULTS THAT REMAIN

Over four years later, on November 14, 1916, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since I last recommended Doan's Kidney Pills. The benefit they give me has been permanent."

TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time. Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney ill is looking for.

Henry S. Gallenstein, blacksmith, 124 W. Third St., Maysville, says: "My kidneys were out of order and I had pains through my back. Doan's Kidney Pills put an entire stop to the pains and my kidneys became well." (Statement given January 9, 1912.)

RESULTS THAT REMAIN

Over four years later, on November 14, 1916, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since I last recommended Doan's Kidney Pills. The benefit they give me has been permanent."

Price 50¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gallenstein had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Possession will be given for seeding this fall and full possession March 1, 1920. Land will be sold on easy terms. Sale will take place rain or shine on the premises, so be on hand if you want this desirable little farm.

The duty of the switchboard operator is to answer your number calls and get connections for you.

If she stopped to answer questions, the number of calls would pile up and the service would be delayed; this would be an injustice to the other subscribers.

When in response to a question, the operator says: "I will give you Chief Operator", she is obeying her instruction.

If you cannot find what you want in the telephone directory, ask the operator for "Chief Operator" and she will connect you with the "Chief Operator" where your questions will be promptly answered.

KING ALBERT GIVEN WELCOME

New York, October 2.—Shrieking whistles, blaring bands, the roar of saluting cannon, and cheers from many thousands of throats blended into one great welcome this morning as the transport George Washington, bearing Belgium's soldier-king and his wife and son steamed majestically through the bay and was escorted by a flotilla of 12 United States destroyers to a lavishly decorated pier in Hoboken.

King Albert left the vessel at the upper level of the pier and proceeded to the reception room between lines of American soldiers at present arms and along a hall decorated with the flags of Belgium, the United States and the other Allies.

COL. JOE PUGH DIES SUDDENLY IN CINCINNATI

Well Known Covington Horse Man and All Round Sport Dies Following His Winning Big Bet.

When returning from the opening game of the world series at Redland Field yesterday afternoon Joseph W. Pugh, 63 years old, Commissioner of Kenton County, Kentucky, former Chief of Police of Covington, and one of the most widely known sporting men in the United States, was stricken with apoplexy when driving on the streets of Cincinnati. He died a few minutes after his arrival at St. Boniface Hospital, where he was taken by strangers.

The passing of Colonel Pugh was a shock to his friends, many of whom saw him at the ball game an hour before he died. He was a guest of his friend, Thomas R. Cody, Covington, in the latter's private box.

Just before the game Mr. Pugh made a bet of \$100 on the Reds with a Chicago fan. He grew greatly excited when the Reds made their five-run rally in the fourth inning, threw his hat in the air and declared he would follow the club to Chicago and see the entire series. Physicians think the excitement contributed directly to the death of Mr. Pugh. For more than a year Mr. Pugh had been ill of diabetes and he had been warned by his physician against undue excitement.

WIFE ASKS DIVORCE

In the Mason Circuit Court this afternoon Mrs. Louise Cooper filed suit for a divorce from her husband, Paris Cooper, charging cruel and inhuman treatment and drunkenness. She asks for an absolute divorce and for restoration to her maiden name, Louise Richie.

MOON LIGHT SCHOOLS FOR COLORED PEOPLE AS WELL

Colored Teachers of Mason County as Well As Whites Will Conduct Moonlight Schools Beginning Monday Evening.

When it was announced that every school house in Mason County would conduct moonlight school this season for the benefit of the illiterates in the county, it meant that the colored people would be given an opportunity to study in these schools as well as the whites and every colored school in the county will be in full operation.

County Superintendent George H. Turnipseed has called a meeting of the colored teachers of the county in his office for 2 o'clock Saturday afternoon when final plans will be made for the operation of these moonlight schools. Mrs. James B. Ross, County Illiteracy Agent, will speak to the colored teachers and she makes the same request for co-operation from the colored people that she has previously made from the white people. All illiterate colored people are cordially invited and in fact urged to take advantage of these opportunities offered them and the colored people of the county are asked to report to the colored school nearest their home the names of the colored illiterate who should take these advantages.

There are many illiterate colored people in Mason county and it is hoped that at the conclusion of this term of moonlight schools, every colored man and woman in Mason county can read and write.

Just received a shipment of Corona typewriter. A personal writing machine fits in a traveling case all for \$50. Sold on payment \$5. Look in our show window.

KICK IS FATAL TO BRACKEN MAN

The Augusta Chronicle says: Wm. Johnson died at his home at Neave, this county, Monday from effects of being kicked in the stomach by a horse.

Mr. Johnson celebrated his 95th birthday, Thursday, September 25, and was apparently in the best of health. He was among the oldest residents of Bracken county, being numbered among its best citizens.

Mr. Johnson was walking behind the horse, touching the animal, which kicked him with both feet, death resulting in three or four hours. Burial was at Willow Wednesday afternoon.
